EDUCATION

Bachelor of Science: Software Engineering (2022-2026)

University of Central Punjab - Lahore, Punjab, Pakistan

- 7th semester
- **CGPA:** 3.22 / 4.00

PROFESSIONAL SUMMARY

Motivated Software Engineering student (7th semester, University of Central Punjab) with hands-on experience developing full-stack applications using the MERN stack (React.js, Node.js, Express.js, MongoDB) and Python. Skilled in building and consuming REST APIs, applying AI-powered tools to improve development efficiency, and working with Git/GitHub in Agile team environments. Strong problem-solver with a foundation in machine learning and mobile development using React Native. Recognized for adaptability, collaboration, and a fast-learning ability, eager to contribute technical expertise to innovative web and software development projects.

TECHNICAL SKILLS

- **Web Development (MERN Stack):** React.js, Node.js, Express.js, MongoDB.
- **Front-end:** HTML, CSS, JavaScript.
- **Programming Languages:** Python (basic), Java (basic), OOP.
- **Mobile Development:** React Native.
- **Machine Learning:** Basic Understanding (Python, scikit-learn, tensorflow).
- **Tools & Technologies:** GitHub, ChatGPT, Git, VS Code.
- **Methodologies:** Agile/Scrum.

SOFT SKILLS

- Agile team collaboration and cross-functional communication
- Problem-solving in technical and non-technical contexts
- Rapid adaptation to new technologies and methodologies
- Efficient time management for project deadlines

EXPERIENCE

Web Developer (Volunteer), 05/2025 - Currently Present

ACM Society - University Of Central Punjab - Lahore, Punjab, Pakistan

- Built React components for society's event portal, improving user engagement by 30%.
- Collaborated in team projects using Git/GitHub following Agile workflows.
- Contributed to MERN stack applications for club initiatives (event management, member portals).
- Participated in code reviews and hackathons to improve development best practices.

CERTIFICATIONS

- Google AI Essentials.(03/2025)
- Introduction to Artificial Intelligence(AI) By IBM.(02/2025)
- Introduction to HTML, CSS & JavaScript By IBM.(01/2025)
- Programming with JavaScript By Meta.(03/2025)

PROJECTS

- **Personal Portfolio:** Developed a responsive portfolio website using React.js and Tailwind CSS, showcasing projects and skills. Optimized for performance and accessibility, improving page load speed by 25%.
- **Auto Avenue:** Built a React Native mobile app for buying and selling cars with role-based authentication (buyer/seller). Enhanced user experience, reducing navigation time by 20%.
- **MNIST Classifier:** Designed and deployed a Flask web app with a Convolutional Neural Network (CNN) achieving 98% accuracy on the MNIST dataset. Improved model efficiency with TensorFlow and scikit-learn optimizations.

LANGUAGES

- **English:** Professional Working
- **Urdu:** Native or Bilingual
